LOVE AFFAIR IS THOUGHT CAUSE OF SUICIDE ATTEMPT

Wendell Breeze Attempts To Take His
Own Life at Early Hour Saturday
—Was To Have Wed at West
Union, Ohio, Saturday.

Wendell Breeze, twenty-year-old son of Mr. and Mrs. George Breeze, of Oklahoma suburb, and an employee of the Breeze Meat Market, attempted to take his own life at a point near the Maysville cemetery at about 6:30 o'clock Saturday morning by shooting himself through the body near the heart with a .38 caliber revolver.

The cause of young Breeze's rash act is thought to have been a love affair. It is said he was to be married Saturday at West Union to a well known young woman of the East End. Arrangements had been made for them to motor to West Union leaving at six o'clock Saturday morning with two friends.

He left his home in his automobile and drove past the Frank Wood second hand store in the Fifth ward where he purchased a .38 caliber Smith and Wesson revolver. He then drove his machine to a point near the Maysville cemetery where he is supposed to have shot himself. Wounded, he drove his automobile down Forest avenue and when near the M. E. church, he is thought to have fainted. The machine ran into a rock pile and stopped. A woman living nearby, seeing that he was ill, ran to the machine and asked him the trouble. He told her that he had shot himself and she called assistance.

In the automobile was found a note written by young Breeze and addressed to his mother in which he made reference to his love for his mother and the young woman. He told that he was shooting himself and added "This is the best way."

The injured man was taken to the home of his parents, Mr. and Mrs. George Breeze in Oklahoma and Dr. A. O. Taylor was called to dress the wound. He had been shot entirely through the body about one inch above the heart.

Breeze was employed by his uncle, Mr. Frank Breeze, at the meat market at West Second and Sutton streets, and on Friday night at the carnival grounds, he had told his uncle that he was going to West Union Saturday to be married and had drawn his week's salary.

It is understood that there were objections to the marriage and this is thought to be the cause of the rash act.

At 2:30 o'clock Saturday afternoon reports from Mr. Breeze's bedside were to the effect that he was getting along nicely and physicians are of the opinion that he will recover.

During the Big Sale, \$37.50 Refrigerators will be sold for \$28.95, and Blue Bell Coal Oil Stoves that sold for \$23.50—\$19.25. Mike Brown. 17-21

PRESENTATION OF OTHER SIDE OF WILL CASE STARTS

Contestants in Spahr Will Case Rest
Saturday Morning — Mr. H. T.
Miles On Stand Until Noon.

Contestants in the case of J. S. Spahr, et. als., vs. A. C. Spahr's Executors, rested their case Saturday morning after recalling several witnesses to answer one or two questions each.

Defendants of the will began presentation of their case by the introduction of Mr. Harry T. Miles, business associate of the deceased, Mr. Spahr, and one of the chief beneficiaries under the will. Mr. Miles was on the witness stand practically all of Saturday morning and his attorneys had not finished his direct testimony when court adjourned at noon to meet again on Monday morning at 9 o'clock.

The presentation of the defendant's side of the case is expected to take practically as much time as the contestants consumed, with about forty witnesses summoned to testify. The case will not be completed until the middle of next week or later.

WIDEMAN'S HERE SUNDAY.

Sunday's game between the locals and the Widemans of Newport should be one of the best of the season with the additional two new players that they have secured. It remains to be seen whether Cooper can fill the shoes of Boskins like "Bosk" filled them himself but by shifting him to the outfield with the strain of pitching taken off of him he will prove a valuable asset for he is a natural ball player.

Play will start at 2 in order to allow the visitors to take their train that evening and it is hoped that rain will not delay the game since our boys have not proved themselves to be good mud horses. In their last two defeats the slow condition of the field has hampered their fast fielding and aided both Portsmouth and Golde.

Valaden will make his initial appearance in a Maysville uniform Sunday and from the time the umpire announces the battery to be Cooper and Moak it should be a fight from the very start.

MAYSVILLE MAY HAVE LEAGUE BASEBALL NEXT YEAR.

FORMER MASONIAN WANTS IT KNOWN HE WAS NOT SLAYER

Former Resident of Springdale Neigh-
borhood Wants All His Friends to
Know He Was Not Marshal of
Peebles Who Slew Veteran.

Mr. George W. Hook, former prominent farmer of the Springdale neighborhood, who for some time has been residing at Peebles, Ohio, and who was thought by many in this section, from the news report circulated from Peebles, to have been the marshal of that village who several days ago in an encounter shot and killed a veteran of the World War, is very anxious for his friends in Mason county and elsewhere to know that he was not the marshal. It develops that the marshal's name is Hoop and not Hook.

In a communication to the press, Mr. Hook says:

"As I am the only George Hook, of Peebles, the incorrect statement, that I was Town Marshal and had shot a man last Tuesday, has caused me much unpleasant notoriety and possible injury and humiliation.

"The Marshal of Peebles is named George Hoop, and I understand that he shot and killed a man last Tuesday, while trying to locate some moonshine stills, but I know nothing whatever about the affair.

"No further steps will be taken about this matter by me, if all the papers who published the garbled account of the incident will publish as conspicuously this correction.

"As the Public Ledger carried the original story in which Mr. Hook's name was used, we are very glad to make the correction.

Mr. Joe T. Embury, of Stanford, Ky., is the guest of Edwin H. Welburn while attending the Christian Endeavor convention. Mr. Embury is teacher of languages and coach of athletics in the Carlisle High School, having graduated at Centre College last June. Publicity at Ohio State

The following letter will be read with much interest:
"Columbus, Ohio, September 8, 1921.
"Colonel J. Barbour Russell,
Maysville, Kentucky.

"Dear Mr. Russell:—Just a line to express my sincere appreciation of the work of the Maysville Boys' Band and yourself during the Ohio State Fair.

"Aside from the quality of the music itself, which was excellent, the most noteworthy feature in my estimation of your organization was the fact that you and your boys were willing to play anywhere at any time. You cannot realize what a relief it was to find that we always had some one on tap to cover any emergency. I have heard any number of compliments concerning the splendid appearance of the Maysville Boys' Band and the nature of their work.

"I am certainly glad that the band members enjoyed the fair and were pleased with their treatment while in Columbus. May I express the hope that our cordial relation may be continued in the future.

"I am, sincerely yours,

SOMETHING IN NAMES.

The general public should pay heed to the remark of Secretary Hughes that the conference to be held in October is not a "disarmament" conference but a "limitation of armament" conference. Continued misuse of the expression "disarmament" leaves the impression that the purpose of the conference is to reach an agreement for entire abandonment of national armaments, and, with such a result not reached, there would be a feeling that the conference had failed. As a matter of fact, no one expects that there will be an agreement for either disarmament or for any material immediate reduction in armament. The term "limitation" of armament means merely that the nations desire to put an end to the competition in building navies, air fleets and other war accessories. If there can be a check to expansion, the time may soon come when there will be a gradual reduction.

MORE FICTION THAN FACT.

There is manifestly a lot of looseness in all the talk about the extent of unemployment. One estimator put it at 2,000,000 unemployed, and another estimator, who knew no more about the facts, raised it a million, and in a few days some one else added a million more, and so on until now the papers are talking about 6,000,000 unemployed—a perfectly ridiculous estimate. Unquestionably there are more men today than there are jobs, but there are not 6,000,000 jobless men who want work, nor anywhere near that number. If you want to know something about the actual number of men who want work, go out and try to hire somebody to do an odd job around your premises.

AID, NOT USURPATION.

Those Southerners who became incensed at the offer of President Harding to render any aid the Federal Government could extend in the pellagra situation, should remember that it was a Southerner appointed to office by President Wilson who gave the President the information regarding pellagra conditions. The Harding administration has no intention of forcing medical assistance upon any state, but it stands ready to extend aid to any state in an emergency, if asked to do so by the proper authorities.

SLAP BACK.

When European nations limit or tax the importation of American movie picture films it is high time for the United States to adopt a similar policy relative to importation of European films here.

in Health

Overpeck, O.—"Lydia E. Pinkham's Vegetable Compound helped me both before and after my baby was born. I suffered with backache, headache, was generally run down and weak. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and decided to try it. Now I feel fine, take care of my two boys and do my own work."

I recommend your medicine to anyone who is ailing. You may publish my testimonial if you think it will help others. I—Mrs. Carrie Williams, Overpeck, Ohio.

For more than forty years Lydia E. Pinkham's Vegetable Compound has been restoring women to health who suffered from irregularities, displacements, backaches, headaches, bearing-down pains, nervousness or "the blues." Today there is hardly a town or hamlet in the United States wherein some woman does not reside who has been made well by it. That is why Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for such ailments.

John J. Lentz, president of the American Insurance Union, will have some important announcements to make at the coming sessions with regard to future plans for the organization, which has enjoyed a growth of more than 100 per cent. in membership since its 1917 meeting.

Resolutions to be adopted will probably embrace one calling upon the women members to take an ever increasing part in community welfare enterprises as an evidence of appreciation of their newly won rights as voting citizens.

OH! MY BACK!

The Expression of Many a Kidney Sufferer in Maysville.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills relieve sluggish kidneys—relieve aching backs. Ask your neighbors. Here's Maysville proof:

Mrs. H. Jones, 702 East Second street, says: "I well know the value of Doan's Kidney Pills, having used them for disordered kidneys and backache and they cured me of the complaint. My back had been giving me trouble for sometime. There was a dull, nagging pain across the center of my back just over my kidneys. Many a day I had to let my housework go undone as I was feeling so miserable. I had pains in the back of my head and my kidneys weren't acting regularly. As Doan's Kidney Pills had been used in my family successfully I went to Wood & Son's Drug Store and got three boxes. After using them I was all right. I am glad to recommend Doan's. Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jones had. Foster-Milburn Co., Mfrs., Buffalo, N. Y."

New York Letter

by Lucy Jeanne Price

New York. — For a long, long time Manhattan has glowed with pride — especially when visitors were about — and they always are — over the unceasing quantity of its taxis. We land safely on the other side of the street, mop our brows, breathe a prayer of thanks at our escape so far, and then beam upon our companions. "Do you suppose there are so many taxis anywhere else in the world?" Well, there are not. And what was a boon has become a problem. It's much like the story of "Pigs Is Pigs." Finally the Fifth Avenue Association has appealed to the Commissioner of Licenses to find a way to get rid of some thousand or so of them. There are 11,000 licensed taxis in the city, it seems; and really that does count up in such an agile thing as a taxi. Moreover there are stands for only 5,000 of them. The rest just have to cruise forever. And a constantly cruising taxi gets in the way of more people than two or three standing quietly at a stand, they find. But New York as a whole rises up and cries, "Cut out one of all these 11,000! Never! Build more stands if necessary! There's Central Park still left uncoupled; and we don't at all need such large entrance halls to our apartment houses."

—NY—
The children of New York are going to have a theater all their own, unless present plans go awry. The Story Book Theater it is to be called, a permanent repertory theater for juniors. Well known dramatists, musicians and dancers will contribute to the programs, which will include pantomimes, ballets, one-act plays, operettas, travesties, and story-telling. There will also be motion pictures, especially adapted to youth. The performances will be given Friday evenings and Saturday afternoons. The venture is under the direction of Mrs. Josephine Clement who has done much the same sort of thing in Chicago.

—NY—
When tea-dancing takes its place in our hearts and our days, the season is truly open once more. What the first green leaves are to the orchards, such is tea-dancing to the city with its reversed seasons of life. And now — this week — it has come gayly into our midst once more. About the smartest place in town is the Italian Garden of the Hotel Ambassador. The room itself is gorgeous — if one can properly so term that romantic and stately quality of Italian architect and artistry. One has an impression of cool marble and warm colors — and a garden. The prizes Ambassador Orchestra is devoting itself to that room now, and at tea-time, dinner and after the theater, the room is filled with dancers — filled too quickly, in fact, for the tardy ones, because only 200 at one time can enter that marbled garden.

—NY—
Does romance die and stay dead in the winter time. Here is good authority for that — some experience to the contrary. A fortune teller well known in the shore summer resorts about New York, surprised a friend of his the other day by walking into his office and apply for a position. "I thought you told me a month ago that you were making all kinds of money," the business man said. "I did say so, and I was," explained the psychic. "But the summer is gone and winter is no time for fortune tellers. There is no romance in the winter. There are no canoes or warm moonlight nights on the piazza. No one wants his fortune told unless there's a romance in the offing. Can you give me a job until the first day of spring?"

—NY—
Two thousand people at one wedding seems completely overwhelming to me. I didn't suppose anyone in the world had that many friends or friends' friends. And if they did, I did not suppose they'd ask them to a wedding they might have. But 2,000 invitations went out to the marriage of Elsie Parsons — granddaughter of Henry Clews — to Morehead Patterson, which took place the other day. And most of the 2,000 appeared.

—NY—
From time immemorial dogs have chased cats. It's one of the taken-for-granted facts of life. But in a crowded city, not even that natural recreation leading to complications, and becoming a news item. The other day a large St. Bernard chased a small but strenuous cat in Renwick street. Some

body tried to stop the chase and it became all the more intense. The same body else called Patrolman Cassidy, it being a moment of surcease from any holdups or auto accidents on his beat. He broke his nightstick on the dog and then stumbled and hurt his ankle. Both he and the dog at that point lost interest in the chase; but not the populace. A pedestrian decided it was a mad dog rampage and sent in a riot call to the Beach street station. Altogether it was a crowded and exciting morning, and proof of what simple pleasures New York Can make much of.

LEGION WILL PLANT

TREE MEMORIALS.

Arbor Days are nearing. What are the memorial tree planting plans for this fall is the question being asked by the American Forestry Association of every community in the United States. The association wants to hear from every tree planter in order that it may register the trees on its national honor roll. The American Legion is making big tree planting plans in many parts of the country.

"There is not a town in the country where room cannot be found for one more beauty spot," says the "Rock Island Magazine." "Thousands of towns are proving it every day and turning these spots into memorials in honor of the men and women who served in the World War. The American Legion is keenly interested in the project for one of the last public acts of the late Col. F. W. Galbraith, Jr., as commander of the American Legion, was the planting of memorial trees for his comrades in arms at the intersection of two great highways. He made a

rousing Americanization speech at a rally at Dayton, Ohio, then went from there to Indianapolis, the headquarters of the American Legion, and issued a statement urging the state departments to push memorial tree plantings everywhere. A few days later he was killed in an automobile accident.

"The trees planted by Col. Galbraith are at the intersection of the National and Dixie Highways at the little town of Vandalia, northwest of Dayton. The Legion is now making plans for continuing that tree planting along those highways in honor of the commander for a mile on each route. The suggestion that these trees be dedicated to Col. Galbraith has met with instant response in Montgomery county, for in the years to come these highways will become great "roads of remembrance" that will stretch across the continent from south to north and from west to east.

"President Harding has heartily endorsed memorial tree planting. All along the Lincoln Highway memorial tree planting is going forward under

the direction of the American Legion, whose members know so well the tree-lined roads of France, the Service Star Legion, the Gold Star Mothers and such organizations. They are counseled by the park boards in the larger cities or by the state forestry heads. At Joliet, Ill., for example, there centers a three-cornered plan by the Chamber of Commerce of that city, Aurora and Ottawa for the planting of ten thousand trees this fall."

Arbor and bird day will be observed October 28 in Pennsylvania, according to announcement by Dr. Thomas C. Phipps, state superintendent of public instruction.

The Hamon Gray Post No. 83 of the American Legion at La Porte, Ind., informs the American Forestry Association it is making plans for planting memorial trees on 30 miles of the Lincoln Highway across La Porte county.

WORLD'S PRIZE CHEESE.

The prize cheese of the world was made at Lowville, N. Y., for exhibition at the New York State Fair at Syracuse in September. It weighs twelve tons and required 150,000 pounds of milk in 1903 is famous for all time. The accidental omission of two or three lines made it a choice account of Mr. Chamberlain's visit to Great Constantia and ran the guests into the same sentence as the motor cars that were pioneering South Africa then. The result was as follows:

"On the stoop of the old homestead were assembled all the rank and fashion of the peninsula, putting painfully with that distressing monotony peculiar to the breed, also gave forth a pungent aroma common to their species, which in the still summer air of a fairly warm day was rather more prominent than enjoyable.

A weekly deposit of \$1 at 4 per cent. interest for ten years will amount to \$638.04; in fifteen years \$1,007.05 and in twenty years \$1,601.86.

STATE WILL PRESS MURDER CHARGE AGAINST ARBUCKLE

Police Court Trial of "Fatty" Arbuckle Is Continued Until Next Thursday —Murder Charge Taken Up.

San Francisco, Calif., Sept. 17. — District Attorney Brady announced Friday in the Police Court of Judge Sylvain Lazarus that "the people are ready to proceed on the murder charge" against Roscoe C. (Fatty) Arbuckle, who is held responsible by the authorities for the death of Miss Virginia Rappo, a motion picture actress.

The announcement came after a conference between Brady and police officials called for the purpose of deciding which of the four charges against Arbuckle would be tried. There are two murder and two manslaughter charges pending against Arbuckle.

Judge Lazarus continued the case until next Thursday at 1 p. m. Arbuckle, surrounded by his attorneys, stood up at the counsel table during the brief session.

A crowd of men tried to rush the courtroom door just before the hearing started, but were headed off by the police.

Frank E. Dominguez, chief counsel for Arbuckle, asked for a ten days' continuance following Brady's statement. The District Attorney objected, saying five days should be sufficient.

CIRCUS COMING TO MAYSVILLE IN THE VERY NEAR FUTURE

Rhoda Royal's Three-Ring Circus to Exhibit in Maysville Friday October 7th, at Ball Park.

When the circus comes to town it means a "powerful" lot of excitement, as they say down south, and the more said excitement commences for the small boy and the other little folks about the time the first car containing the young men who post works of art upon the bill boards, arrives. "The circus is coming!" is the delighted shout of the small urchin, as he gazes upon the big bills that announce the date of the great canvas entertainment which is to be in Maysville on Friday, October 7.

As the time draws on apace, and show day draws near, the enthusiasm of the small boy is shared by his older, and when the circus comes, his father and mother, and all the family, will all go just to take that small boy to the circus. They may, however, be excused when it is considered that the Rhoda Royal Big Railroad Show is coming with an aggregation of ring attractions and great zoological collection from the jungles and the forests of five continents. This is a large three-ring show, a monster menagerie, which, by the way, is entirely distinct and separate from the wild beast show, which consists of all kinds of savage brutes, exhibited in startling performances in a huge steel-barreled circular cage, the same as seen in European capitals, New York and Chicago, at the Atlanta Exhibition. Then there is a real Roman hippodrome, and a world of wonders which space forbids a detailed account of here. All in all the Royal shows are held to be the most surprising and pleasing unification of all that is new and wonderful in the circus world. There will be a grand street parade, and the tents will be pitched at the ball park grounds.
